SUMMARY

Hi there!, I am a fifth-semester Information Systems student at Bina Nusantara University with a strong interest in UI/UX Design and systems analysis. I have skills in using Figma, Canva, Virtual Paradigm, and Microsoft Office. I am enthusiastic about learning and developing my professional abilities through an internship program.

EXPERIENCE

Intensive Bootcamp IT Project Management Batch #1 (Inolabs)

- Designing system requirements to define the scope, determine the necessary features, and create a sitemap. The sitemap I created serves to help users understand the functions of the features I have defined, and allows users to identify which features can be used to perform CRUD operations.
- Studying and implementing hosting for blog creation as part of building a portfolio.
- Designing wireframe for website.

Himpunan Sistem Informasi (HIMSISFO)

- As an activist of HIMSISFO Commission 2 Public Relations 2025, I was involved as a committee member in the event division of BPAR (Birthday Party) HIMSISFO 2025 GOLD: Greatest of Life Discovery.

HARDIKNAS (Hari Pendidikan Nasional)

- Providing education to students of SDN Srandol Wetan 05 to remain proactive and engaged in the dynamics of the learning activities. The program included games that stimulated critical thinking and provided space for self-expression.
